

**ZENITH SUPPLIES, INC.**  
**MATERIAL SAFETY DATA SHEET**  
**SPRING RAIN FRAGRANCE OIL**

**24 HR EMERGENCY CONTACT CHEMTREC 800-424-9300**

| Info   | Identification  |
|--|---|
| FEMA No                                      | N/A   |
| CAS No.                                      | N/A   |
| Chemical Name                                |   |
| Health                                       |   |
| Flammability                                 |   |
| Reactivity                                   |   |
| Info   | Fire, Explosion & Reactivity  |
| Flash Point                                  | >200 F  |
| Extinguishing Media                          | Foam, Dry Chemical, Carbon Dioxide  |
| Dot Classification                           | Non-hazardous   |
| Stability                                    | Stable  |
| NFPA Classification                          | NF  |
| Fire Fighting                                | Fire fighters should wear positive pressure self-contained breathing apparatus. Spray extinguishing media directly at the base of the flames.   |
| Unusual Fire Hazard                          | Water is UNSUITABLE for use on burning materials, but may be used to cool containers exposed to heat.   |
| Hazardous Combustible Decomposition Products | Burning liberates CO, CO <sub>2</sub> and smoke. Does not form explosive mixtures with organic materials. Does not undergo explosive decomposition and is shock stable. Is not an oxygen donor. |
| Info   | Physical Data   |
| Color & Odor                                 | Pale yellow liquid with rich floral aroma.  |
| Boiling Point                                | N/A   |
| Melting Point                                | N/A   |
| Vapor Pressure                               | N/Amm Hg @ 20C  |
| Vapor Density                                | (Air=1) N/A   |
| Water Solubility                             | NF  |
| Info   | Protection Data   |
| Respiratory                                  | No special protection; Odor mask or organic vapor respirator should be worn if vapors are found too annoying/irritating.  |
| Ventilation                                  |   |
| Skin   | Use oil/solvent resistant gloves.   |

|                                |  |
|--------------------------------|--|
| Eye                            | Use chemical splash goggles or face shield.  |
| Other                          |  |
| Info                           | Occupational Exposure Limit  |
| Threshold Limit                | Not determined   |
| OSHA Permissible Limit         | Not determined   |
| Carcinogen                     | No   |
| NTP Limit                      |  |
| IARC Limit                     |  |
| OSHA Limit                     |  |
| Carcinogen Notes               |  |
| Info                           | Health Hazards   |
| Material Type                  |  |
| Health Hazard                  | Liquid and vapor may be IRRITATING to skin and eyes and respiratory tract. The identity of the individual components of this mixture is proprietary information and is regarded to be a TRADE SECRET. In accordance with 29 CFR 1900.1200 we have to assume that the mixture presents the same health hazards as the individual components when they are present at greater than 1% concentration. |
| Primary Entry Routes           |  |
| Health Hazard Notes            |  |
| Info                           | Emergency First Aid  |
| Inhalation                     | Remove to fresh air, and call a physician.   |
| Eye Contact                    | Remove contact lenses. Flush eyes with cool water for at least 15 minutes. If irritation persists then call a physician.   |
| Skin Contact                   | Remove contaminated clothing and shoes. Wash with mild soap and water.   |
| Ingestion                      | Rinse mouth with water. Give up to a tumbler (half pint) of milk or water. Consult a physician immediately.  |
| First Aid Notes                |  |
| Info                           | Spill, Leakage & Disposal Procedures   |
| Spill Procedures               | Remove all potential sources of ignition. Contain spill with inert non-combustible absorbent material, and place in approved containers.   |
| Waste Disposal                 |  |
| Info                           | Handling & Shipping Procedures   |
| Handling & Shipping Procedures | Store in full sealed containers in cool dry place away from sources of ignition heat or direct sunlight. Follow good   |

|                    |                                    |
